

EPA Notification of Hazardous Waste Site

United States
Environmental Protection
Agency
Washington DC 20460

This initial notification information is required by Section 103(c) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and must be mailed by June 9, 1981.

Please type or print in ink. If you need additional space, use separate sheets of paper. Indicate the letter of the item which applies.

81 06 10

OH #104 OHS-000-001-137

A Person Required to Notify:

Enter the name and address of the person or organization required to notify.

Name The Mogul Corp.
Street P.O. BOX 200
City Chagrin Falls State Ohio Zip Code 44022

B Site Location:

Enter the common name (if known) and actual location of the site.

Name of Site Fram Property Dump
Street 7185 Chagrin Road
City Chagrin Falls County Geauga State Ohio Zip Code 44022

C Person to Contact:

Enter the name, title (if applicable), and business telephone number of the person to contact regarding information submitted on this form.

Name (Last, First and Title) Wilbur, Diana Environmental Regulatory Affairs
Phone 216/247-5000 ext. 460

D Dates of Waste Handling:

Enter the years that you estimate waste treatment, storage, or disposal began and ended at the site.

From (Year) 1950 To (Year) 1962

E Waste Type: Choose the option you prefer to complete

Option 1: Select general waste types and source categories. If you do not know the general waste types or sources, you are encouraged to describe the site in Item I—Description of Site.

General Type of Waste:

Place an X in the appropriate boxes. The categories listed overlap. Check each applicable category.

1. ☐ Organics
2. ☐ Inorganics
3. ☐ Solvents
4. ☐ Pesticides
5. ☐ Heavy metals
6. ☐ Acids
7. ☐ Bases
8. ☐ PCBs
9. ☐ Mixed Municipal Waste
10. ☒ Unknown
11. ☒ Other (Specify)
Noncombustibles such as damaged drums & possibly off-specification raw materials & products which could not be re-worked.

Source of Waste:

Place an X in the appropriate boxes.

1. ☐ Mining
2. ☐ Construction
3. ☐ Textiles
4. ☐ Fertilizer
5. ☐ Paper/Printing
6. ☐ Leather Tanning
7. ☐ Iron/Steel Foundry
8. ☐ Chemical, General
9. ☐ Plating/Polishing
10. ☐ Military/Ammunition
11. ☐ Electrical Conductors
12. ☐ Transformers
13. ☐ Utility Companies
14. ☐ Sanitary/Refuse
15. ☐ Photofinish
16. ☐ Lab/Hospital
17. ☐ Unknown
18. ☐ Other (Specify)

Option 2: This option is available to persons familiar with the Resource Conservation and Recovery Act (RCRA) Section 3001 regulations (40 CFR Part 261).

Specific Type of Waste:

EPA has assigned a four-digit number to each hazardous waste listed in the regulations under Section 3001 of RCRA. Enter the appropriate four-digit number in the boxes provided. A copy of the list of hazardous wastes and codes can be obtained by contacting the EPA Region serving the State in which the site is located.

Notification of Hazardous Waste Site

Side Two

- F Waste Quantity:**
- Place an X in the appropriate boxes to indicate the facility types found at the site.
- In the "total facility waste amount" space give the estimated combined quantity (volume) of hazardous wastes at the site using cubic feet or gallons.
- In the "total facility area" space, give the estimated area size which the facilities occupy using square feet or acres.

Facility Type

1. ☐ Piles
2. ☐ Land Treatment
3. ☒ Landfill
4. ☐ Tanks
5. ☐ Impoundment
6. ☐ Underground Injection
7. ☐ Drums, Above Ground
8. ☒ Drums, Below Ground
9. ☐ Other (Specify) _____

Total Facility Waste Amount

cubic feet unknown

gallons

Total Facility Area

square feet

acres approx. 1/2 1 A

G Known, Suspected or Likely Releases to the Environment:

Place an X in the appropriate boxes to indicate any known, suspected, or likely releases of wastes to the environment.

☐ Known ☐ Suspected ☐ Likely ☐ None☒ unknown

Note: Items Hand I are optional. Completing these items will assist EPA and State and local governments in locating and assessing hazardous waste sites. Although completing the items is not required, you are encouraged to do so.

H Sketch Map of Site Location: (Optional)

Sketch a map showing streets, highways, routes or other prominent landmarks near the site. Place an X on the map to indicate the site location. Draw an arrow showing the direction north. You may substitute a publishing map showing the site location.

I Description of Site: (Optional)

Describe the history and present conditions of the site. Give directions to the site and describe any nearby wells, springs, lakes, or housing. Include such information as how waste was disposed and where the waste came from. Provide any other information or comments which may help describe the site conditions.

This site was a ravine on property adjacent to Mogul property. Mr. Fram allowed nearby industry to dispose wastes there. A ravine approximately 1/2 acre in size was filled with miscellaneous wastes, some of which may have qualified as hazardous. There are no Mogul records which indicate how much or what was disposed at this site. We are not aware of any problems associated with this site.

J Signature and Title:

The person or authorized representative (such as plant managers, superintendents, trustees or attorneys) of persons required to notify must sign the form and provide a mailing address (if different than address in item A). For other persons providing notification, the signature is optional. Check the boxes which best describe the relationship to the site of the person required to notify. If you are not required to notify check "Other".

Sites Notification
Chicago, Illinois 60604

Gentlemen:

Attached are three (3) Superfund Section 103 (c) Notification Forms covering past Mogul Corporation disposal activities that we have knowledge of. There are no written records of the amounts or types of wastes which were disposed in the past, but prior production and formulation activities were not of the size or nature to generate significant quantities of waste. In fact, it is unlikely that monthly waste quantities would have exceeded the criteria for qualifying as a "generator" under current RCRA regulations. (We do not currently qualify as a "generator".) Although we are not certain that types or quantities of wastes disposed of in the past would qualify us for reporting under this section, we are reporting these activities today to guarantee the protection provisions of Section 103(c). We are not aware of any problems associated with the sites described in the attached notifications.

In addition, it should be noted that this general area in Bainbridge Township was historically a site of foundries and related industry. In fact, Chagrin Falls was known to have several large foundry operations in the late 1800 to early 1900's. One of these large operations was adjacent to our property and was used as a foundry from approximately 1893 to 1925. There is also a 17,000 sq. ft. building on a lot which The Mogul Corporation owns, which might have been a small foundry operation in the late 1800's. We have no information as to the disposal practices of the early foundries of this area; however, it is hearsay that the large foundry adjacent to this site was responsible for high iron and sulfate levels present in a neighboring Chagrin Falls Village well, and two wells located on Mogul property.

Sincerely,

Diana L. Wilbur
